MD's Message

Dear L&Weans,

As we strive for excellence, focusing on key areas will guide our journey towards achieving our goals. Our commitment to **accountability, effective internal controls, and a culture of continuous improvement** is crucial for our sustained success.

1.Accountability

Each of us is responsible for our actions and their impact on the organization. Accountability is more than just a word; it's a fundamental value that drives our work ethic. By owning our tasks and decisions, we create a transparent and trustworthy environment where everyone feels empowered and responsible. This collective responsibility ensures that we all contribute to our shared success and uphold the integrity of our work.

2. Basic Internal Controls

Implementing robust internal controls safeguards our resources and ensures operational efficiency. These controls are essential for protecting our assets, preventing errors, and minimizing risks. Adhering to these practices is not just about compliance; it's about striving for excellence in everything we do. Let's commit to maintaining high performance and compliance standards to ensure our processes are streamlined and effective.

3. Audits to Ensure Process Compliance

Regular audits are vital in maintaining our quality and compliance standards. They serve as a tool to assess our performance, identify areas for improvement, and ensure we consistently meet our goals. Embracing audits as opportunities for growth rather than mere evaluations will help us continually enhance our operations. These audits provide us with valuable insights and benchmarks that guide us towards operational excellence.

4. Continuous Improvement Focus

Continuous improvement is at the core of our growth strategy. By learning from our experiences and seeking feedback, we can identify areas for enhancement and innovation. This relentless pursuit of improvement helps us stay competitive and responsive to evolving client needs. It's about fostering a culture where every team member is encouraged to contribute ideas and solutions that drive our success. Let's focus on refining our processes and delivering superior results to meet and exceed our clients' expectations.

Together, let's ensure that these principles guide our actions and decisions as we work towards our shared vision of success. Your dedication and hard work are the foundation of our achievements. By embracing these values, we will continue to reach new heights and set new standards of excellence.

Thank you for your unwavering commitment and excellence.

Best regards,

Asaithambi M

BOEING, Bangalore - INAUGURATION CEREMONY

Boeing India Engineering and Technology Centre (BIETC) campus, largest state-of-the-art R&D facility expertly Build by L&W inaugurated by India's Prime Minister Sri. Narendra Modi on 19 January 2024.

Proud Moment, L&Weans!

Today marks a historic achievement for L&W as we witness the inauguration of **Boeing's largest R&D facility outside the US**, expertly built by L&W.

This significant milestone reflects our unwavering commitment to excellence and innovation. The honor of being inaugurated by our Prime Minister adds an extra layer of prestige to this accomplishment.

Kudos to every L&Wean who contributed to making this project a resounding success. Your dedication and expertise have truly set a new standard in our industry.

National Safety Week was observed from 4 March 2024 to 9 March 2024 in all our project sites.

In this week, various activities such as Flag hoisting, Safety Pledge, Quiz coemption, Mock drill, Blood donation camp, sports and games, mass housekeeping, campaigns and demonstrations were organized to teach staffs and workers about potential risks and how to prevent accidents in daily lives. It played a pivotal role in cultivating a culture where everyone takes responsibility for reducing accidents.

During National Safety Week, individuals and organization came together to promote safety and honor people who have played key roles in making safety their priority. It inspires others to take such safer actions and become a part of creating a safer atmosphere for all.

BLOOD DONATION CAMP

Blood is needed to save lives in times of emergencies and to sustain the lives of those with medical conditions as well as patients who are undergoing major surgeries. For many patients, blood donors are their lifeline. One unit of blood can save three lives!

During National Safety Week in March 2024, as part of community service, all project sites had organized a blood donation camp in all our project sites.
